

EDUCATIONAL ASSOCIATION

Important District Meeting of Teachers and Trustees at Mt. Sterling, Nov. 19-21.

The fourth annual meeting of the Ninth Congressional District Educational Association will be held at Mt. Sterling, Thursday, Friday and Saturday, November 19th, 20th and 21st.

The meeting this year promises to be the best and most largely attended in the history of the Association. The Ninth District Association is the leading Congressional District Educational Association in Kentucky, both as to organization and attendance. All of the other District Associations in Kentucky are growing rapidly and if we are to maintain our position of leadership, we must make this year's meeting at Mt. Sterling superior to all previous meetings. Indications are that the membership enrollment this year will reach the 800 mark.

The Association will go into session Thursday evening Nov. 19, and continue until noon Saturday. The railroads have granted reduced rates from all points in the District. The rate over the C. & O., for individual round-trip fare, will be 2 cents per mile; over the L. & N., 2 cents per mile plus 25 cents. Tickets will be on sale the 18th, 19th and 20th, bearing final return limit Monday, November 23rd. There will be ample hotel, lodging-house and private-home accommodations in Mt. Sterling. Hotel rates, American plan, are \$2.00 per day; a number of boarding houses at reasonable rates, and a large number of private homes will be thrown open to all delegates at very reasonable rates. All visitors attending the Association meeting are requested, upon arrival in Mt. Sterling, to go immediately to the City School building where information will be given regarding lodging and board. Committees on entertainment will be on hand to give all the assistance possible.

Every teacher and trustee in the Ninth District should become a member of the Association and attend the meeting at Mt. Sterling. The Association needs every teacher and trustee and every teacher and trustee needs the Association. The Kentucky Education Association is the clearing-house of the educational interests of the state. The Congressional District Association is a family-gathering in which problems pertaining to every individual teacher and trustee are discussed. The program has been prepared wholly to this end.

The full program, which speaks for itself, follows:

Contractor A. E. Lawrence Has Started the Erection of Addition to Presbyterian Church.

Work was started last week on the addition to the Presbyterian church by contractor A. E. Lawrence and the work will be pushed as fast as possible in order to get same under roof before the bad weather sets in. The addition will contain a pastor's study, class rooms, etc., and will be modern in every particular. The church will also install a pipe organ.

"MUTT & JEFF IN MEXICO"

Gus Hill gave us a splendid production in "Mutt & Jeff" last year when these two characters opened up the Panama canal and this year "Mutt & Jeff in Mexico" is the vehicle upon which they will ride to another tremendous success.

The offering will include new book, music, scenery, costumes and last but not least new faces. One never grows tired of laughing, so don't fail to see this show unless you dislike to laugh. "Mutt & Jeff in Mexico" will be at the Tabb Opera House in this city Monday, November 16th.

DIES AT CAMARGO

Mr. Cooper McCormick, who has been quite ill for several weeks, died at his home near Camargo, this county, last Friday.

Mr. McCormick was well known and quite popular in the neighborhood in which he lived and his three children who survive him have the sympathy of many friends. Deceased was a brother of Mr. W. S. McCormick, of this city, and had many other relatives.

BOOTLEGGER CAUGHT

For some time the local police have suspected that whiskey was being sold here on Sunday and last Sunday Chief of Police Gibbons and Policeman Tipton secured sufficient information to justify the arrest of Walter Doyle, colored, and at his trial Monday in the Police Court he was fined \$100.00 and costs for selling whiskey without a license.

B. S. WILSON ANNOUNCES FOR COMMONWEALTH'S ATTORNEY

Former Member of Legislature and Well Known Lawyer of Rowan County Makes the Announcement of His Candidacy for the Democratic Nomination for the Twenty-First Judicial District.

To the Democrats of the Counties of Bath, Menefee, Montgomery and Rowan:

I announce myself as a candidate for the Democratic nomination for Commonwealth's Attorney for the 21st Judicial District composed of the above counties, to be voted for at the primary election to be held on the 1st Saturday in August, 1915. Let me say at the outset that I shall make this race without doing anything which shall cause offense to any of my opponents. Voters should have a reason for voting as well as for other things, and I am giving you below a few of the reasons why I feel entitled to the support of the Democrats of this Judicial District:

1st. I was born and reared, and have practiced law in this Judicial District for fourteen years, being engaged exclusively in the practice of law as my only business. During this period I have been actively engaged in the practice of civil and criminal cases. I have served hundreds of clients throughout this district, and I leave it to them as to my fitness to fill the office which I seek.

2nd. I have had the honor to serve the people of Bath and Rowan counties in the capacity of Representative in the General Assembly of 1912. I have never forgotten my friends who supported me in that race and in performing the duties of that office. I leave it to them to say whether I was true to my trust, and whether I made a creditable Representative.

3rd. I believe in the Woodrow Wilson idea that only men who have the party's interest at heart should be favored with party nominations. By this rule, it is made certain when we put a man in office as a Democrat, that he will not only be faithful to the party, but will conduct his office in that way that it will bring no disgrace or discredit on the party to which he belongs. Let me say as to my party service, that in every campaign since I have arrived at age, I have given my time and labor on the stump and at the polls to my party, frequently giving weeks previous to the election to the work of securing the election of Democratic nominees, whether National, State or local. I have done this because I am a Democrat, and because I believe in the ability of the Democratic party in the State and in the Nation to render the best result to all the people.

4th. I believe that an officer in a servant of the people, and that he should not receive his salary unless he performs the duties which he has promised the people, and which they have trusted him to perform. I shall, if nominated and elected as your Commonwealth's Attorney make it my business to be present at every Circuit Court in the district and at the trial of every case where the Commonwealth is interested, and to give to the duties of that office full time and the best service there is in me to render.

5th. I shall preserve law and order by so persistently enforcing the law as to avoid lawless conditions in any part of the district and by beginning prosecutions with the beginners of disorder, and bringing the penalties of the law to fall upon all who persist in its violation. "A stitch in time saves nine," is a splendid rule to observe in preserving law and order as well as in other things. The people appear sometimes to become indifferent to lawless conditions, and sometimes the sentiment of the people appears to be with those who have clearly violated the law of the land. But such is never the case, and it only appears to be the case because the average citizen does not feel that he ought to have to take the matter of enforcing the law into his own hands, having elected officers, for that purpose whom they expect, and whom they have the right to expect, to act for them and act promptly, and continue to act until peace and good order prevail. It is in such times that officers should promptly utilize the fixed rules of the law, for in this way conditions of right can be restored, and an excited people made content and brought to the true realization of their errors. The lives, homes and property of our citizens can only be protected by enforcing the law, and law can only be enforced by the wide awake efforts of the officers who have been trusted to enforce it.

I will appreciate your support, and if you take pride in an officer who performs his duties fairly and fearlessly, you shall not be ashamed of your vote for me. Sincerely your friend, B. S. WILSON.

SALOON LICENSE IS DOUBLED

In Anticipation of Threatened Mandamus Proceedings for Licenses for 1915.

At an adjourned meeting of the City Council a surprise was created by the unanimous adoption of an ordinance increasing saloon licenses from \$500.00 to \$1,000.00. This move was made presumably in anticipation of a possible attempt on the part of the saloonists of the city to compel, by mandamus, the issuance of licenses pending the trial of the appeal taken by them from the decision of the Contest Board, an account of which appears in this issue. Mayor Oldham promptly affixed his signature to the ordinance and it will at once become effective. Councilmen Robertson, Orear, Winn, Chiles, Stephens and Stockton voted for the ordinance. Councilmen McKee and Botts were absent.

The present county unit law provides that in the event a vote is taken and the county goes dry, that when the saloons are required to close the city must refund the unused portion of the license money for that year. This provision, however, does not apply, in the opinion of competent lawyers, if the council is forced by mandamus to issue licenses for next year and that if the "drys" win in the Court of Appeals, the saloons must at once close and lose the license money paid for the remainder of the year. As it is thought that a final decision will be obtained the early part of next year, several proprietors have already announced their intention of closing January 1st, and some think all of them will do so, unless the City Council can be induced to amend the ordinance making the license payable monthly. The passing of the ordinance above named has been the topic of much discussion and future steps in the matter will be watched with interest by both the "wets" and the "drys."

"UNCLE DICK" FILBIN DIES

Richard W. Filbin, familiarly known as "Uncle Dick Filbin," one of the oldest citizens of Montgomery county, died at his home in this city last Wednesday night after a lingering illness of infirmities of old age. Mr. Filbin was a native of Michigan and moved to Kentucky many years ago, locating in Louisville, where he resided for several years. About twenty-five years ago he located in this city and as a bricklayer was one of the best workmen ever employed in the city. His wife died many years ago. Mr. Filbin was a member of the Methodist church and a regular attendant at all services. He was a member of the Watson Odd Fellows Lodge and had held the chairs in the order, which had charge of the funeral. Two children survive—Miss Addie Filbin, of this city, and Toke Filbin, of Louisville. Rev. B. C. Horton, of Richmond conducted the funeral at the Methodist church, assisted by Rev. T. W. Watts and Rev. Clyde Dursie, and the burial took place in Macphelah cemetery, the Odd Fellows hold services at the grave. Mr. Filbin was 80 years old, having been born in 1834. He was one of the best liked and most highly respected gentlemen in this city.

RECEIVE PATENT ON INVENTION

Messrs. H. G. Hoffman and George C. Eastin are Granted Patent on Invention.

Messrs. H. G. Hoffman and George C. Eastin, business men of Mt. Sterling, have invented an Automatic Alarm, which is pronounced one of the greatest inventions of modern times, and it has attracted the attention of mechanics from all over the world. The invention is simple in construction, but is one that had long been sought by manufacturers of trunks, handbags and suit cases in every manufacturing center of the universe, as it is an attachment fitted to these. The device has for its object the protection on such used by the traveling public against burglars and thieves at depots, hotels or any public place in which it is necessary they be left. The device is so constructed that when such article is lifted or tampered with when left "set" by its owner, an alarm bell will ring, giving notice and thereby calling attention to the effect being made to get away with or into it. Further, should a burglar get in a residence or door in a hotel and attempt to open a trunk or suit case the alarm would sound and arouse the household or occupant of room. With this invention attached to it is absolutely impossible for a thief to get away with or into an article so protected. The inventors of this much needed device were last week granted a patent by the United States Government and in a letter from the Patent Office it is stated that after a most thorough search of the offices at Washington there is no patent or invention on record that touches it in any manner whatsoever, and it is given the Government's O. K., and it is pronounced one of the best safety inventions ever recorded in Washington on which a patent has been allowed.

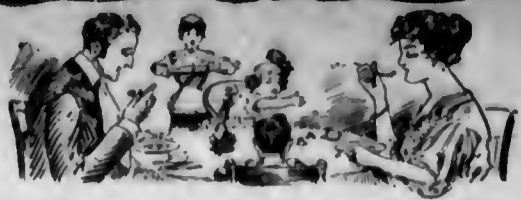

Messrs. Hoffman and Eastin returned last week from New York where they went to place their invention and patent on the market. While there they closed a trade with the William J. Burns International Detective Agency to arrange for the manufacture and handling of their patent. The method by which it will be placed on the market is to make and manufacture suit cases, hand and traveling bags, trunks, etc., equipped with this automatic alarm.

It is understood that several of the leading trunk manufacturers in this country are trying to get the exclusive right to manufacture the goods. The interesting of such a concern as the Burns Detective Agency, the largest in the world, with offices in all the leading cities of this and other countries, is an indisputable testimony that the patent is one of the best ever granted and the invention one that this great detective concern considers that this country needs. The patent has rightly been termed "Burns' Bull Dog," and makes all traveling devices absolutely safe, so that no crook can lift or open without alarm; making traveling with the most valuable goods absolutely as safe as if they were locked in a steel vault.

The invention has been pronounced the greatest safety device of a decade, and the people of this community should be proud of the fact that it had its origin right here in Mt. Sterling.

HIAWATHA

Quite from its dramatic interest is the educational value of the moving pictures of "HIAWATHA," particularly the dance of the Medas, Medicine Men, while Minnehaha is dying. It requires the utmost tact to persuade the Indians to do this sacred dance before the camera, as few white men have ever been permitted to see it.

The fact that their faces are covered with medicine masks, so that no member of their tribe knows who did it, alone makes it possible for Mr. Moore to have it done.

Nothing would induce them to do the Feather Dance in public, and the so-called False Face Dance ranks second to it.

An other valuable contribution to our knowledge of their customs is the funeral of Minnehaha. When the women have prepared the body for burial, it is stealthily taken out of the back of the wigwam, so that the evil spirits may not know of her departure, and then it is borne on a bier to a distant part of the forest and placed among the branches of a hemlock tree, far above the reach of marauding animals. Then for four nights a fire is lighted under it to light her soul upon her journey to the Island of the Blessed.

One well known man wrote after seeing the first projection of the pictures: "From now on I can think of Hiawatha, Minnehaha, Nokomis, Iago and Pau-pau-Keewis as men and women I have known. So vividly have the moving pictures presented them to my eyes, that the lines of Longfellow's great gift." At the Tabh Opera House, Matinee and night, Wednesday, Nov. 11th.

UNION STOCKYARDS AT CHICAGO CLOSED

The Chicago Union stockyards, the largest cattle market in the world, which has been in continuous business since 1865 was ordered closed Thursday for several days because of the prevalence of the hoof and mouth disease among cattle.

The stockyards, it was officially stated, probably will remain closed ten days. The closing order went into effect at the close of business Friday, November 6, and will continue until the opening of business on the second Monday thereafter, November 16.

The immediate effect of the suspension order will be to stop the shipment of cattle, sheep and hogs to the Chicago market, which amounts to almost 100,000 head daily.

This alone outside of the meat packing industry amounts to a daily business of \$1,200,000 and affects 35,000 employees.

The finding in the stockyards that 600 cattle taken from various points had been affected and the belief that the contagion had spread to various parts of the yards made the immediate action necessary.

"The list of States now quarantined by Federal authorities includes New York, Maryland, Indiana, Michigan, Illinois and Pennsylvania. In addition to these restrictions have been placed upon interstate shipment from Ohio, although no cases have as yet been found in that state. There is reason to fear, however, that infected stock may have been sent into Ohio. If this is found not to have been the case the embargo will be lifted. This outbreak which is the first in the United States since 1908, is regarded as the most serious of any that the United States has yet experienced. Not only has it already spread over an extensive area, but its virulence seems to be above the average.

Vigorous measures will be necessary to stamp it out. The cost of suppressing the last outbreak in 1908 was estimated at \$299,112.10. In addition the loss to dairy and stock raisers was heavy.

"Interstate shipments of cattle, sheep and swine are absolutely prohibited from the state now quarantined. Stock can not even be sent from one infected State to another.

Chenault's Selection Is Not Confirmed

Mr. John R. Thomas Nominated For Road Engineer But Fiscal Court Refuses to Concur.

At last Wednesday's meeting of the Fiscal Court, County Judge W. O. Chenault nominated for the office of County Road Engineer, Esq. J. R. Thomas, one of our best known and highly esteemed citizens of the Howard's Mill neighborhood. It was explained to the members of the Court that Mr. Thomas had not yet taken the examination before the State Highway Department, but would do so if his selection was acceptable to the court. Upon this hypothesis his name was submitted and on a roll call all six of the Magistrates voted not to confirm the Judge's selection. This leaves Mr. Jno. S. Wyatt, the incumbent, in office, as he holds until his successor is chosen and qualified.

Under the law it is the individual prerogative of the County Judge to make this selection, but his choice must be confirmed by the Fiscal Court. He cannot choose him independent of the Magistrates and they cannot vote for any one whom he does not nominate, but have the discretion of voting to confirm or reject any one whom he does so nominate.

When the Magistrates voted unanimously in opposition to the confirmation of Mr. Thomas, Judge Chenault made no other nomination and the meeting adjourned until the regular meeting in December, when the subject may or may not again be brought up by the re-nomination of Mr. Thomas or the nomination of some one else.

This anomalous situation is due to the peculiar wording of the new road law, which authorizes the County Judge to appoint a county road engineer "by and with the consent of the Fiscal Court." Just when the present deadlock will end is therefore problematical.

Esq. Thomas is a gentleman of education and culture; has heretofore held offices of confidence and honor, having been a member of the Kentucky Legislature during the memorable long session following the adoption of the present Constitution and more recently a member of the Montgomery Fiscal Court from the fifth district, and always acquitted himself with credit.

His many friends throughout the county deeply regret his rejection, feeling that he would have readily obtained a certificate from the State Board and made a satisfactory public official.

GOOD NEWS

Many Mt. Sterling Readers Have Heard Of And Profited Thereby.

"Good news travels fast," and the back back sufferers in Mt. Sterling are glad to learn where relief may be found. Many a lame, weak and aching back is bad no more, thanks to Donn's Kidney Pills. Our citizens are telling the good news of their experience with this tested remedy. Here is an example worth reading:

"One of the family suffered from pains in the back and kidneys and had other symptoms of kidney complaint," says Mrs. C. C. Schooler, of 4 Jamison St., Mt. Sterling, Ky. "He used Donn's Kidney Pills, procured at Duerson's Drug Store, and they made him strong and well."

PREPARING FOR DRY TOWN

As a result of the local option election in Maysville, which voted "dry" on September 28, the City Council of that city at its last regular meeting placed a tax upon every business house in the city from \$16 to \$50 to make up the deficit that will be caused in the city's finances by the loss of the revenue derived heretofore from the saloon licenses.

"DRYS" WIN CONTEST.

As predicted in our last issue the Contest Board composed of County Judge Chenault and Magistrates McCormick and Boyd, decided the contest instituted by D. N. Young and others in favor of the "drys." In anticipation of an adverse decision, Judge Lewis Apperson, counsel for the "wets," had the proper papers for an appeal all ready and the process was immediately served appealing the case to the Circuit Court.

It is the contention of the prohibition advocates that the supersedeas issued from the Circuit Court Clerk's office cannot now delay for longer than sixty days the enforcement of the people's wishes as expressed in the election. Formerly the status that existed immediately before the election could be continued by supersedeas, not only during the pendency of an appeal from the Contest Board's decision, but also while an appeal was pending in the Circuit Court and Court of Appeals. The "drys" contend that the Act of March, 1914, does away with this effect of a supersedeas in such cases and that the status desired, as shown by the County's vote, must now begin not later than sixty days after the Contest Board's decision.

If this position is right, the City Council will not have power to grant any saloon licenses for the next year. All such licenses now in force expire on December 31st, and the sixty days will end only three or four days later. Some contend that the sixty days time began last County court day, October 19th. It looks as if the situation might bring about legal proceedings for the purpose of compelling the City Council to grant licenses.

There are men that rise so high in the world they can't see the place where they were raised and born at, and they go through life thinking that they'll yet have to stoop to get under a rainbow.

FARM LANDS IN DEMAND

There never was a time when farm lands were in such demand as at present. The high prices and ready market for all kinds of farm products and live stock, and the comparative ease in which a man can support his family on the farm has brought men to a realization of the advantages of farm life. Better mail service, better schools, the telephone and many other modern conveniences in the country have also added to the back-to-the-farm movement. And those who ought to know say that land is cheaper now than it will ever be again.

One loafer will stir up more trouble and discord than twenty busy men. And a loafer does not always talk small scandal; he dips into public affairs, religion and everything else. Loafers are not always poor chaps, who have overworked wives at home. Many of them have money, and these are the most mischievous loafers in town. They make more trouble than the poor loafer because more attention is paid to what they say. A good deal of the trouble complained of is stirred up by loafers; it is a pity that we have so many. When men have nothing else to do, they abuse each other, or the town in which they live.

The announcement that the European war will soon come to an end for lack of finances is premature. By the time the countries involved in the struggle have reached the limit of their cash and the end of their credit they have acquired a real desire for fight. And as for resources, think how long the South continued to fight after its cash and its credit were gone and its paper money worth only 2 cents on the dollar.

Sprains, Bruises Stiff Muscles

Sloan's Liniment will save hours of suffering. For bruises or sprain it gives instant relief. It arrests inflammation and thus prevents more serious troubles developing. No need to rub it in—it acts at once, instantly relieving the pain, however severe it may be.

Here's Proof
Charles Johnson, P. O. Box 104, Louisville, Ky., writes: "I sprained my ankle and dislocated my left hip by falling out of a third story window six months ago. I went on crutches for four months, then I started to use some of your Liniment, according to your directions, and I must say that it is helping me wonderfully. I threw my crutches away. Only used two bottles of your Liniment and now I am walking quite well with one cane. I never will be without Sloan's Liniment."

REID LEDFORD MARRIED

A marriage of much importance and interest was made known here last week when Reid Ledford returned with his bride, who was Miss May Thomas, of Farmers, Rowan county. The young people went to New Albany, Ind., last Wednesday, where they were married. The bridegroom is a son of Mr. and Mrs. H. C. Ledford, of this county, and is a popular and prosperous young farmer. His bride is a very attractive and cultured young woman. They will reside at the home of the bride groom's parents during the winter, and in the spring will go to housekeeping on a farm in this county.

DEMOCRATS HOLD BOTH HOUSES OF CONGRESS

With four congressional districts still uncertain, results of Tuesday's election show that the Democrats elected to the House 228, Republicans 194, Progressives 7, Socialists 1, Independents 1. This would give the Democrats a majority in the lower house of 25. Republicans claim the election of James J. Britt over J. M. Gndger in the Tenth district of North Carolina, N. M. McLean, Republican Progressive in the Third Colorado district, and C. B. Timberlake in the Second Colorado. The Democrats claim the election of G. T. Helvering in the Fifth of Kansas. In that event there would be a Democratic majority of twenty-three.

In the Senate, late returns left still somewhat in doubt the elections in Colorado, Wisconsin and Nevada. The election of Edward Johnson Democrat, over Charles H. Burke, Republican, in South Dakota, was a gain for the Democrats, which offset the defeat of Roger S. Sullivan, Democrat, in Illinois by Senator Lawrence Y. Sherman. Latest reports from Nevada showed Francis G. Newlands, Democrat, leading Samuel Platt, Republican, by a little more than 200, with about two-thirds of the precincts heard from. Democrats claim the election of Senator Charles Thomas over Hubert Work, Republican, in Colorado and the election of Senator Newlands. The Republicans claimed the election of Francis E. McGovern over Paul A. Husting in Wisconsin.

This result, if carried out, would make the representation in the next Senate fifty-five Democrats, forty Republicans and one Progressive, a Democratic majority of fourteen.

Late returns from the First New York district showed that the result as between Congressman Lathrop Brown, Democrat, and Frederick C. Hieks, Republican, was in doubt. The election was first claimed by Hieks and then by Brown. Complete unofficial returns gave Hieks a lead of four votes, and an official count probably will be necessary. Adding this district but removing the Tenth North Carolina district, later conceded to the Republicans, from the doubtful column left the number of unsettled contests still four.

The next Congress will see a general reorganization of the House. Speaker Clark, who was returned by a goodly majority from his district, will undoubtedly be the Democratic choice for Speaker.

PRICE OUTLOOK FOR TOBACCO

The Regie factories in France are located out of the war fields and reported running up to full capacity to furnish tobacco for the troops. Similar reports come from the German factories. The same is true in Italy and other of the European markets of Kentucky tobacco. England's factories are furnishing the soldiers, the home markets and the colonies with no abatement in amount.

Uncertainty and its result on prices is being cleared up. Grocers were induced to buy large stocks of coffee at an advance in price, because of the war, when the importing and wholesale trade knew that coffee would be one of the products to be greatly depressed in price. We were told that Kentucky's black tobacco would have little demand. Of course the buyer would like to get the crop at former lower prices. The total consumption of tobacco in Europe should increase during the war. Especially should this be true of the class of product produced in both sections of Kentucky.

The Crimea has been the only war where tobacco was forbidden to the troops. The order was quickly rescinded. It is the universal experience that tobacco is in great demand by the fighting armies, and reports from the camps in Europe tell that the first effort to soldiers on entering a captured city is to collect all supplies of tobacco. It is the soldier's one stimulant. He fights with a pipe, a cigar or a cigarette in his mouth. Separated from tea, coffee and liquors, he wants more of tobacco. The commissaries do everything to keep the troops supplied. Prisoners and exhausted soldiers invariably beg for tobacco. Generals regard it a source of courage in the fight, and of the contentment in the camp or the trench. With England supplying free tobacco to her troops, the Regie plants in France running at full pressure and similar reports from Germany, there are some very good reasons presented for good prices for the present Kentucky tobacco crop.—Lexington Herald.

COULD NOT SLEEP, COULD NOT EAT

Woman So Weak and Nervous
Could Not Stand Her Children
Near Her—Vinol
Changed Everything for Her

Plant City, Fla.—"I wish I could tell everybody about Vinol. For nine years I was in bad health. I got so I could not sleep, and I could not stand it to have my children come near me. I could not even sew or do any heavy housework. I was simply tired all the time. I tried so many medicines I could not recall them all, but nothing did me any good. One day a friend asked me to try Vinol and said it was the best tonic she ever saw. I did so, and soon got the first good night's sleep I had had for a long time. Now I sleep well, my appetite is good, my nervousness is all gone and I am so strong and well I do all my housework and work in my flower garden without feeling tired or nervous. Vinol has made me a well and happy woman."—Mrs. C. H. MILLER, Plant City, Fla.

Vinol contains the curative, healing principles of fresh cod livers (without oil) and tonic iron.

We ask every weak, run-down, nervous person in this vicinity to try Vinol, our delicious cod liver and iron tonic without oil, on our guarantee to return their money if it fails to benefit.

LONDONERS FIGHT FOR SEATS

Scene of Pushing and Struggling Unparalleled in World, Declares Indignant Newspaper.

Is it not possible for the authorities to regulate and control the struggle for places in the metropolitan omnibuses which takes place every evening? asks the London Globe. Any stranger to London who happens upon one of the termini of the routes at the time when the people are trying to return to their homes must be shocked at the spectacle. The loss vigorous, the most tired, are remorselessly thrust aside, and a seat in an omnibus becomes something which must be fought for as well as purchased.

Such a scene of pushing and struggling is not to be paralleled in any other capital in the world, and, as every policeman knows, it is the pickpocket's big opportunity. English people have a healthy dislike for being over-regulated, but things have got to that pass that the most independent will recognize that some rules are really required. In Paris the difficulty has been completely overcome by the simple expedient of issuing numbered tickets, which entitle the holder to a given seat, and which must be taken up before he attempts to occupy it.

PICKED UP A GOOD THING

Inside History of Senator Clark's Acquisition of the Famous United Verde Copper Mine.

Not many years ago a certain wealthy man picked up a likely looking copper mine at the bargain price of \$40,000. As he was deeply interested in another mining property at the time, he gave comparatively little attention to his newest acquisition.

After four months had elapsed another wealthy man made the first financier an offer of \$350,000 for his mining property. The latter figured this way: "The \$350,000 is equivalent to 875 per cent on the original investment, or at the rate of 2,625 per cent per annum. Not so bad—" and he accepted the offer. The purchaser since that time has taken more than \$100,000,000 out of that copper mine and it still yields him an income estimated at \$600,000 a month.

The seller was Col. Robert M. Thompson; the buyer, Senator William A. Clark, and the mine, the United Verde.

FROZEN RYE AND BARLEY

FATAL TO SHEEP AND HOGS

During the late fall months it is not uncommon for the Experiment Station to receive reports from different sections of the State requesting information and assistance in combating sudden losses in sheep and hogs.

On visiting these farms it has been found that these fatalities in some instances could be traced to frozen rye or barley. In order to avoid further losses of this nature this year all swine and sheep owners should take special precautions to keep these animals off of rye and barley fields immediately after a severe frost or freeze.

Frozen rye and barley sometimes prove deleterious and animals should be allowed only a very limited amount of this feed while it is in a frozen condition. Severe frosts frequently check the growth of these two winter forage plants and leave them in a wilted condition. In this stage they undergo fermentation and may prove injurious to animals. The losses in cattle and horses are not as often reported. This no doubt being due to the fact that they are more resistant and are not so frequently pastured on this forage. The losses are sudden, depending on climatic conditions and simulate acute poisoning. The trouble generally appears subsequent to a severe freeze, following rains or heavy dews and is not continuous throughout the winter season. Animals sometimes suffer from acute indigestion and die in a few hours, showing symptoms of meningitis; others evidence symptoms of severe diarrhoea for several days, which exhausts the strength of the animals and renders them very susceptible to entrance of the respiratory tract, and frequently to pneumonia. Young animals do not seem to resist the deleterious effects of frozen feed as well as older animals. Milk cows are quite resistant, and if not overfed recover immediately when the cause is removed.

Prevention. Keep animals out of rye and barley fields for several days after they have been severely frosted or frozen.

In the beginning it was the profession of the soldier to take life—and it's the same today. Civilization isn't skin deep.

Stay on the level and you'll get up in the world.

ANNOUNCEMENT

For Commonwealth's Attorney.

We are authorized to announce

HON. B. S. WILSON

of Rowan county, as a candidate for the Democratic nomination for Commonwealth's Attorney of the 21st Judicial District, at the State Primary, August, 1915.

We are authorized to announce

HON. C. W. NESBITT

of Montgomery county, as a candidate for the Democratic nomination for Commonwealth's Attorney of the 21st Judicial District, at the State Primary, August, 1915.

A MOVE IN THE RIGHT DIRECTION

One of our most estimable women, who shuns notoriety, yet strives in her earnest unostentatious manner to do as much good as she can, has inaugurated a movement to consolidate several districts near Judy and have one large rural Consolidated High School of central location.

This plan has been tried with great satisfaction in Madison, Mason, Fayette and other counties of Kentucky and has for years proven a great boon to rural education in many progressive States of the Union.

While not meaning to reflect on any teacher—all of whom doubtless do the very best they can—and having no particular locality in view, but speaking generally, we believe any one conversant with the facts will agree with us when we say the average country school is a failure to a very large extent. This is due to many causes, some of which are: inexperienced teachers, disgracefully inadequate buildings, crowded rooms where all classes and ages are attempted to be taught, limited course of study, etc.

Where several districts unite a commodious school building can be built along scientific and sanitary lines and properly equipped; a competent corps of teachers can be had; the pupils classified and systematically taught in all branches of higher education, as well as domestic science, agriculture, manual training, etc.

We are in favor of the country boy and girl having exactly the same educational advantages now afforded their city brothers and sisters in order to properly equip them for the responsible duties of citizenship and believe they ought to have it without being obliged to leave home to get it. The Christian influences of home ought always to be theirs, hence to get both they must have good schools situated close enough to make regular attendance practicable. The Consolidated High School solves the rural school problem by affording them this educational equality and we hope to see this and a number of similar schools built in our county as soon as our finances will admit of it.

During the Ninth District Educational Association, which will meet in our city November 19, 20 and 21, much will be said in explanation of the Consolidated High School. An effort is also to be made to have a meeting held in the Judy neighborhood about the time the Association is in session here, of which due announcement will be made and to which several experts will be invited. We hope every citizen living in that end of the county will attend this meeting, if one is held and carefully study this question so he can understand and intelligently explain it to his neighbor.

Education goes hand in hand with morality and right living. Show us a community blessed with good churches and good schools and we will show you an ideal locality in which to live and one in which the people are happy and prosperous.

HON. C. W. NESBITT

Hon. Chas. W. Nesbitt, of the local bar, desires us to acquaint his friends in the counties of Montgomery, Bath, Menefee and Rowan, with the fact that he has an ambition to again serve them in the responsible position of Commonwealth's Attorney and that having always been a loyal member of the Democratic party, he will submit to it his claims for this honor in the state primary next August.

Mr. Nesbitt belongs to a well known family of lawyers, his father, the late J. Monroe Nesbitt, of Bath county, having been one of Kentucky's foremost lawyers in his day. A brother, Hon. J. J. Nesbitt, of Owingsville, is also a prominent lawyer. It therefore comes natural to the subject of this sketch to practice his chosen profession.

When Commonwealth's Attorney, our readers will bear witness that he gained an enviable reputation for the able, fair and fearless manner in which he met every duty and upon that record he asks endorsement at the hands of his party.

He promises, if nominated and elected, to give even-handed justice to all and to bend every effort to render service of a high order. Being confident that he will measure up to a high standard of efficiency, we ask his fellow-Democrats not to pledge themselves until they have given his claims the careful consideration due them.

State Chairman Tom Rhea made a wonderful fight in Kentucky, without money and against tremendous odds. He was always on the job. Kentucky Democrats will remember his great work in this campaign and should he desire further honors at their hands next year, ought to have anything he may ask for. We're for him for Auditor or anything else he may ask for.—Stamford Interior-Journal.

The season for the burning of leaves is at hand and since specialists assert that smoke from burning leaves often causes diphtheria and other throat affections, we would be glad to see our local authorities take steps to stop this injurious nuisance this year.

While President Wilson and Governor McCreary are issuing Thanksgiving Proclamations, we want to voice the sentiments of the county authorities, as well as the citizens living on the Mt. Sterling and Maysville turnpike, by signifying our thanks upon the opening of it, which we understand will take place tomorrow.

HON. B. S. WILSON

In this issue appears the authorized announcement of Hon. B. S. Wilson, of the Rowan county bar as a candidate for Commonwealth's Attorney in this, the Twenty-first Judicial District, composed of the counties of Montgomery, Bath, Menefee and Rowan, subject to the action of the Democratic party in the primary to be held on the first Saturday in August next.

Mr. Wilson is well known to most of our readers, having frequently visited here and is conceded to be a lawyer of ability, a convincing advocate and a gentleman of exemplary habits, in whom implicit confidence can be placed.

As such we cheerfully commend him to the careful consideration of his fellow-Democrats.

WELL DONE KENTUCKY!

To say that we are delighted with the recent avalanche of Democratic ballots in Kentucky is to inadequately express our innermost feelings.

Single-handed, as our readers know and contrary to our usual policy in contests within the party, we made an earnest fight for Mr. Beckham in the August primary and it was then our great pleasure to see him receive a good majority in Montgomery county over both his opponents.

For years we have been his loyal friend and admirer and now that he is about to enter into a larger field of usefulness, we confidently predict his future conduct and achievements will surpass even the most sanguine expectations of those who actually know him as he is and therefore appreciate his real worth.

J. H. GILLASPIE'S SALE

At the sale of the personal property of Jas. H. Gillaspie, by his committee, R. R. Whitsitt, held Thursday a big crowd was present and burgoos and other eatables were served those in attendance.

While bidding was spirited the sale on an average was only fair and much of the stock sold cheap. It was decided not to offer the farm for rent to the highest bidder and it was not put up.

Horses and colts of the Bourbon Chief blood brought from \$25 to \$75. Two-year-old mare mules brought \$90 each. A jack, Montgomery King, brought \$280 and a Jersey bull \$30. Jennets \$55 to \$100. Jersey heifers sold for \$40. Farm machinery, harness, etc., brought medium prices only.

RELIGIOUS

The Woman's Missionary Society of the Methodist church will have an all-day meeting at the home of Mrs. Steve Pieratt, Friday, Nov. 13, beginning at 10:30 o'clock.

The installation of Dr. M. V. P. Yeunon as pastor of the Presbyterian church will take place next Sunday with interesting ceremonies. Rev. Jesse Lee Cotton, D. D., of the Theological Seminary at Louisville, Rev. T. W. Rainey, of Newport, and Rev. J. R. Crawford, of Winchester, will participate. The main service will be at 11 a. m., but Dr. Cotton is expected to preach at night also.

The Woman's Christian Temperance Union held their regular monthly meeting at the residence of Mrs. Abner Oldham on Howard avenue Thursday. The leader was Mrs. Margaret Cravens, superintendent of medical temperance work. Reports of the State convention were made by Mrs. Ed. T. Reis and Mrs. Thos. Heinrich. An address was made by Mrs. Carrie Lehman, of Louisville, a State prison reform worker. Arrangements were made to pack the annual Thanksgiving box for the blindman school.

CLUB NEWS.

Why the Campaign Against Adult Illiteracy?

The Woman's Forward Movement to aid the cause against adult illiteracy in our State was inaugurated, because the percentage of illiteracy in Kentucky is very large, and State pride is humiliated when our State is compared with other States and brought face to face with the figures, because our State government is based on manhood suffrage and no adult is morally equipped to vote who cannot read his ballot; because education will improve the jury service of the State; because the teaching of adult illiterates to read and write will elevate the atmosphere of the home and finally because religion can not be maintained without education, for no man can hear aright or pray aright, who cannot read his Bible. The Kentucky Illiteracy Commission is in need of funds to carry out this movement. A few hundred dollars will pay the expenses of a whole county. It is to be hoped that every man and woman in Montgomery county will approve the cause and answer this appeal of this campaign against adult illiteracy by leaving a contribution at the Mayor's office, the Public Library, or Jones' Jewelry Store.

NOTICE TO BUILDERS

By special order of the Board of Council the following Ordinance, Section No. 97 of the City By-Laws will from this date be strictly enforced. Any one desiring to build will please comply with said Ordinance.

"Sec. 97. No person shall erect any building or materially alter or repair one already built within the city limits without permission of the Board of Council, and any person violating this ordinance shall be fined in any sum not exceeding one hundred dollars. No permit shall be granted till the party applying therefor shall file with the City Clerk five days before a meeting of the Council an application for such permit, together with the plans and specifications of the proposed building or alteration, and in addition the party applying for such permit shall post up notices at four public places, one on proposed building site, and in addition thereto shall furnish to the City Council the plans and specifications of the said proposed building."

SOCIAL EVENTS

Miss Gladys Pieratt will entertain a number of her friends with a delightful Rook Party at the pretty home of her parents on East Main street this afternoon.

Frank P. Boyd entertained a number of friends with an elaborate stug dinner at his home on the Maysville pike Thursday night. The guests of honor were R. E. Toins and Albert Wilbert, of New York, employees on the government road, and the occasion was an enjoyable one.

Mrs. E. R. Little gave a delightful party at her home on the Winchester pike Saturday afternoon in honor of the fourteenth birthday of her attractive little daughter, Miss Lucretia Little. The party was a complete surprise to the little miss. Twenty-three young girls accepted the invitation of Mrs. Little.

One of the most delightful card parties of the season was that of Mrs. S. Ellis Spratt last Friday at her elegant home on West Main street. The house was beautifully decorated for the occasion, autumn flowers and ferns being used extensively. About sixty guests enjoyed the afternoon of "progressive euchre," after which a delicious course luncheon was served. Among those from a distance who attended were Mrs. J. M. Rohb, Mrs. O. F. Troutman, Mrs. George Dale, Mrs. Robert Duncan, of Nicholasville; Mrs. Marshall Foley, Mrs. Thomas A. Combs and Mrs. Newton Duff, of Lexington.

MOVE BACK TO MONTGOMERY

Mr. and Mrs. L. C. Bays, who have been making their home in Texas for the past three years have rented the Hamilton farm, near Camargo, and will move there shortly. We welcome these excellent people back to old Montgomery.

WINS FIDDLERS CONTEST

Tom Riley, of Sherburne, was the winner of the fiddler's contest at the Tabb Opera House Saturday night. A prize of \$20.00 was given and the large audience seemed to thoroughly enjoy the music. Thomas Kane won the second prize.

DIES IN ILLINOIS

Relatives here received news last week of the death at Bushon, Ill., of Mrs. Thomas E. Frazier. Mrs. Frazier was a native of Morgan county, and is a sister of Mr. G. B. Swungo and Mrs. J. M. Pieratt and Mrs. A. B. Pieratt, of this county. She had been in ill health for some time and her death was not unexpected. Mrs. Frazier was widely connected all over Eastern Kentucky and her death is deeply regretted.

MISS FUQUA TO MARRY

Saturday the marriage of Miss Hettie Belle Fuqua and Dr. William Emmett Gardner, both of Louisville, is to take place in Frankfort at the home of Miss Fuqua's sister, Mrs. J. C. W. Beckham, and former Governor Beckham, on Shelby street.

On account of a recent bereavement in the bride's family, the ceremony will be very quietly performed in the presence only of the immediate families of the couple.

Upon their return from their wedding trip the bride and bridegroom will make their home in Louisville. Miss Fuqua is well known here where she has often visited Misses Louise and Mary Crawford Lloyd.

DISTRICT HEADQUARTERS, FRANKFORT, KY.

WILL OPEN DECEMBER 1st.

The warehousemen in Lexington have definitely decided to open the loose leaf market in that city on December 1st. This action will meet with unqualified approval from tobacco growers in Central Kentucky who were greatly disappointed when the announcement was made that it would not open until January 1. There are hundreds of tobacco growers who depend on the sale of their crop, or a portion of it at least, for Christmas money, and to have delayed the opening of the market would have been a hardship to them. One advantage of selling in the loose leaf is that if the first prices are not satisfactory one need not sell all his tobacco at once, but can wait until such time as he thinks the prices will be more favorable. It is the opinion of many of the warehousemen that the buyers will be on hand in full force when the market opens and will pay good prices for the tobacco. The local market will open about the same time as the Lexington market.

To have a good friend is one of the highest delights of life; to be a good friend is one of the noblest and most difficult undertakings.

FOOT AND MOUTH DISEASE

The outbreak of the foot and mouth disease in cattle, which was first noticed in Michigan about October 15, is the third definite occurrence of the kind in the United States. Since October 15 it has spread through Ohio, Indiana, Illinois and Pennsylvania, but a strong effort is now being made by the Agricultural Department of the United States to check its spreading.

Prompt action by the Kentucky Live Stock Sanitary Board has prevented the disease, so far, from spreading to this State. It is a noticeable fact also, that even during the two other outbreaks in this country there was no evidence of the disease in Kentucky.

There are many silver linings to European war clouds, at least for Americans. As soon as American obligations in London and Paris are settled, heavy exports of grain, provisions, sugar, and munitions of war to Europe will create a surplus of sterling bills and rates may fall far below the nominal par of exchange as they are above it at present. New York newspapers predict that this will enable the United States to buy back securities held abroad on very favorable terms, and permanently reduce our annual contributions of interests and dividends to Europe. There is a good time coming. So cheer up and push the cause along.

The wages of sin is always paid, no matter how the trouble is adjusted.

THE TELEPHONE GIRL

The telephone girl sits still in her chair and listens to voices from everywhere. Hears all the gossip, she hears all the news, she knows who is happy and who has the blues; she knows all our sorrows, she knows all our joys; she knows every girl who is chasing the boys; she knows all of our troubles, she knows of our strife, she knows every man who is mean to his wife; she knows every time we are out with the boys; she hears the excuses each employee; she knows every woman who has had a dark past; she knows every man who's inclined to be "fast;" in fact there's a secret 'neath each suzy curl of that quiet, demure looking telephone girl. If the telephone girl would tell all that she knows she would turn half of our friends into bitter foes; she would sow a small wind that would soon be a gale, engulf us in trouble and land us in jail; she could let go a story (which gaining in force) would cause half our wives to sue for divorce; she could get all the churches mixed up in a fight and turn all our days into sorrowing nights; in fact she could keep the whole town in a stew if she'd tell a tenth part of the things that she knew. Now doesn't it make your head whirl when you think what you owe the telephone girl?—Exchange.

FOUR OUT OF SIX STATES GO DRY

Four out of six States that voted Tuesday on prohibition, according to latest returns decided to forbid the sale of alcoholic beverages in the future, and two voted to retain saloons. Ohio and California kept their saloons, while Washington, Colorado, Oregon and Arizona closed theirs.

Ohio retained saloons by a good majority and adopted a home rule amendment that was recognized as a saloon measure.

Missouri defeated the county unit system of local option, which precluded the rural vote on saloons in option elections.

National headquarters of the Woman's Christian Temperance Union in Chicago Wednesday received returns from the election. News that was declared to be encouraging came from all the States concerned, the defeats in the three States being offset, the reports said, by indications of progress over previous conditions.

WHEN IS A STORE SUFFICIENTLY ADVERTISED?

A merchant of a western city recently made a trip to New York. Calling upon a business friend he was asked: "How does YOUR store really compare with others in your line, in your city? Are you setting or following the pace?"

For reply the merchant took from his hand-bag several late issues of his leading home newspaper, and said: Look over these papers. I will mark for you my advertisements and those of my competitors for three successive days. Judging by these ads., what is your opinion of how my store stands in the race?"

After some consideration, and the use of a measure tape, the friend replied: On the showing here made—if it represents the general average for a longer period—your store stands FIRST in your line in your city."

"Yes, it is true that in that showing I use eight inches more space than my next competitor—but is it safe to estimate a store's importance upon the space it occupies in its advertisements?"

"Safe enough," replied the friend. "to make it a general rule among business men. Your newspaper advertising is an outlet for your enterprise; and big enterprise requires a big outlet."

"Now, as a matter of fact," confessed the merchant, "my store is still second in volume in business done in my line in our city. But—two years ago it was fifth. At that time I concluded that I would use AS MUCH space in our leading newspaper as my largest competitor used, although such a campaign seemed to be beyond my real resources. I was then doing less than half as much business as the biggest store in the city, employing less than half as many clerks, occupying a building a third as large. At the end of the first year I found that I had had less worry over the big advertising bills than I had previously had over the small ones—and that I was fourth in the procession."

"Then I concluded to use a little MORE space in this newspaper than the biggest store was using—and for the year past I have done that. The result is that I am now a good second in the race—and a year from now the other man will have changed places with me."

"The other man has professed to believe that I would overdo the thing—that I would tire of paying big bills for space; but my experience is that it seems easier to pay a bill of a hundred dollars when there is a balance in bank of two hundred than it is to pay a bill of fifty dollars with a balance of seventy-five. And I have found that SUFFICIENT advertising has made a change of about the proportion in my financial affairs."

This is the essence of the conversation, in which there is a good deal of "food for thought" for local merchants.

He who buys love gets cheated no matter how low the price.

ON WAY TO WAR

A carload of Bulgarian reservists passed through here last Tuesday bound for their native country which is mobilizing its army for entrance into the great European struggle. Bulgaria will probably side with Russia, France and England, and while no declaration of war has been made, it is looked for hourly. The reservists were gathered at different points in Illinois and Indiana and were taken principally from the mines. All appeared cheerful and unmindful of the prospective horrors that the next few months may hold for them.

M. H. LEWIS INJURED

Mr. M. H. Lewis, the well known farmer of near Swington, is in a serious condition as the result of an accident which befell him a few days ago. He was driving along the pike on his way home when his horse shied at an automobile, throwing him out of the buggy and injuring him in such a manner that a kind of paralysis resulted from his waist down. It is believed that he will entirely recover in a short time.

FROM A LEADING NORTH DAKOTA NEWSPAPER

It is reported that one of Harvey's (N. D.) fastidious newly-married ladies kneads bread with her gloves on. This incident may be somewhat peculiar, but there are others. The editor of this paper needs bread with his shoes on, he needs bread with his shirt on, he needs bread with his pants on, and unless some of the delinquent subscribers of this "OLD Rag of Freedom" pay up before long, he will need bread with out a dam thing on, and North Dakota is no Garden of Eden in the winter time.

We are all looking for the best of it.

HERE ARE THE VICTORS OF TUESDAY'S ELECTION

Incomplete returns from the election of Tuesday show that the new congressional delegation from Kentucky will be constituted as follows:

United States Senate (Full Term)—J. C. W. Beckham, Democrat, of Frankfort.

United States Senate (Short Term)—Johnson N. Camden, Democrat, of Versailles.

Congress, First District—Alben W. Barkley, Democrat, of Paducah. Re-elected.

Congress Second District—David H. Kincheloe, Democrat, of Madisonville. Succeeds A. O. Stanley, Democrat.

Congress, Third District—R. Y. Thomas, Democrat, of Central City. Re-elected.

Congress, Fourth District—Ben Johnson, Democrat, of Bardstown. Re-elected.

Congress, Fifth District—Swager Shorley, Democrat, of Louisville. Re-elected.

Congress, Sixth District—Arthur B. Rouse, Democrat, of Burlington. Re-elected.

Congress, Seventh District—J. Campbell Cantrill, Democrat, of Georgetown. Re-elected.

Congress, Eighth District—Harvey Helm, Democrat, of Stanford. Re-elected.

Congress, Ninth District—W. J. Fields, Democrat, of Olive Hill. Re-elected.

Congress Tenth District—John W. Langley, Republican, of Pikeville. Re-elected.

Congress, Eleventh District—Caleb Powers, Republican, of Barbourville. Re-elected.

For Appellate Judge, Third District—Rollin Hurt, Democrat, of Columbia. Ky.

Supporters of Fields claim that the official count will bring his majority to at least 25,000.

30,000. They carried every district except the Tenth and Eleventh.

Republicans Run Second

Former Gov. Augustus E. Willson and Marshall Bullitt, Republican nominees for the long and short senatorial places, on the face of incomplete returns, have defeated Burton Vance and George Nicholas, Progressives, for second place by an easy majority.

Senators Beckham and Camden are the first Kentuckians to be elected to that high office by the direct vote of the people.

The Democrats swept Kentucky in Tuesday's election, carrying every congressional district except the Tenth and Eleventh, which they had conceded to the Republicans.

In all other districts, the Democratic congressional nominees, as well as the senatorial candidates, were elected by overwhelming majority. The delegation to Washington remains unchanged.

J. C. W. Beckham and Johnson N. Camden, and the complexion of Kentucky's delegation to Washington, respectively, for the full unexpired terms, carried the State by a majority estimated, upon

SUFFRAGE LOST IN

FOUR STATES

Chicago, Nov. 6.—Woman's suffrage won in Nevada, probably in Montana and possibly in Nebraska. It was beaten in Ohio, Missouri, North Dakota and South Dakota. But later returns indicate that the most populous States defeated it decisively, while as the population of the State increased the chance of it carrying increased, until in Nevada it is believed to have won by a majority of 2,000 out of a total of 101,000 votes cast on the subject in the entire State.

Flirtation Step From the Maxixe

Posed by Mr. and Mrs. Rowley Downs.

WHEN danced correctly this is a very charming and effective step. Care must be taken not to force the action and thus lose the proper rhythm. The step is simplicity itself. Starting with the girl directly in front of the man, do the ordinary Maxixe step on alternate feet. The girl takes small steps, merely turning her head from side to side, while the man must take long steps, so that her head will touch first his left shoulder and then the right.

Skating Step In the Maxixe

Posed by Mr. and Mrs. Vernon Castle.

THIS is considered by many the prettiest step in the Maxixe. Starting from the position shown in the picture, step forward with the left foot, touching the heel to the floor. Follow up with the right foot in the regular Maxixe step; then repeat on the other side, making a deep sliding dip on the second count. It must be remembered that the dip comes only when doing the right hand step and is on the second count. The left step is an ordinary Maxixe straightaway.

An easy and graceful recovery following the dip must be acquired, as an ugly position in this part of the movement will spoil the whole effect of the dance.

MRS. STEWART COMPLIMENTED

The Minneapolis Tribune in a recent issue devotes a column to the address in that city of Mrs. Corn Wilson Stewart on "Illiteracy," and states as a result of the awakening which Mrs. Stewart gave to the Minnesota authorities, an illiteracy campaign may be commenced in that State. The Tribune says: "C. G. Schulz, State Superintendent of Education, believes that the author of the 'moonlight school' movement brought a message of great value to the State. He said yesterday that the public schools of Minnesota would do well to take stock of the communities they served, and seek out and minister directly to such part of the adult population as sits in darkness thru inability to read and write. It will be a part of the lasting glory of the State of Kentucky that it has taken the lead in this movement. It is the first State to undertake to offer all the people, of whatever age, an opportunity to learn to read and write, and thus break away from the prison walls of sense and silence within which the illiterate man and woman must live."

CARLISLE TURKEY MARKET

The Thanksgiving turkey market has opened at Carlisle with the price ten cents per pound. The crop is reported to be a large one with the birds generally poor. Receipts thus far have been reported light, as many of the Nicholas county women are refusing to sell their turkeys at the prevailing prices, and in some sections there seems to be a disposition to hold them.

HUSSANE DEFEATS

HENDERSON

At The Tabl Thursday night Yussif Hussane, known as "The Terrible Turk" defeated Mort Henderson, the Irish wrestler, in two straight falls. Henderson, although a heavier man than Hussane, was entirely out of his class and never once had a look in with the Turk.

THANKSGIVING PROCLAMATION

Gov. McCreary has issued his Thanksgiving proclamation:

"To the people of Kentucky:

"It is proper that we should turn at a stated time in each year, in praise and thanksgiving to Almighty God for His many blessings to the people of Kentucky.

"The year now drawing to a close has been conspicuous for manifestations of His kind and beneficent dispensations.

"While war has desolated and devastated many nations, we have enjoyed peace and prosperity, and the divine declaration on earth, peace, good will toward men, has encouraged and made our people happy.

"Our State has had prosperity, abundant harvests, productive industries, law and order, and the glorious heritage of self-government has been maintained and strengthened, and the year has brought a greater desire for achievements and more abundant cause for praise and gratitude to God.

"Wherefore, I, James B. McCreary, Governor of the Commonwealth of Kentucky, designate Thursday, November 26, 1914, as a day of thanksgiving and prayer, and invite all the people of Kentucky to cease their accustomed occupations on that day and give thanks and praise to God for the blessings he has conferred upon us and to humbly beseech a continuance of his mercies."

PERRY OAKLEY ILL

News has been received here that Perry Oakley, the noted feudest, who for many years has been one of the best known characters in this section of the State, is critically ill of typhoid fever at his home, near Stepstone, in Bath county, and little hope is entertained for his recovery. He is nearly seventy years old.

Behind every big accomplishment there is always one big man.

Farmers are getting anxious to begin stripping tobacco.

Most of the corn crop that was to be cribbed was put in last week.

The baby of Will Sanders that has been dangerously ill for several days has begun to improve.

George Lyons, who has been running the blacksmith shop here, left last week, presumably for Illinois.

The election returns show that when Louisville starts out to do a thing she don't stop at the half way mark.

George Cupps and family have moved to near Grange City, Fleming county.

Mrs. Frank Turner will return from the Good Samaritan Hospital this week.

Mrs. Jesse Pendleton and children are visiting her parents, Rev. H. D. Adams and wife, in Menefee county.

Rev. W. A. Hopkins has gone to spend his vacation with homefolks at Wickliffe, Ky.

Robt. L. Stone and wife, and H. A. Lyter, of Owingsville, visited Thos. B. Hamilton and sisters last week.

The meeting closed at Springfield Wednesday night and Rev. S. M. Logan has returned to his home at Midway. The meeting was one of the best we have had in years, and Bro. Logan made many friends during his stay here.

J. H. Gillaspie and wife have returned from a visit to friends in Jessamine and Fayette counties.

Will Ed White has rented a farm about 15 miles from Covington, in Boone county, and will move there with his family Jan. 1st, 1915.

Carl Foley has been visiting friends at Winchester.

The house on Mrs. M. E. Bigstaff's farm recently destroyed by fire, is being rebuilt.

Rev. W. H. Harrison, of Koren, will preach at Springfield Sunday morning at 11 o'clock.

Several of our citizens attended Owingsville Court Monday.

The question is being asked "Did Camden run or fly?" Figure it out for yourself.

A HIGH CLASS SHOW

"A Pair of Sixes" presented at the Tabb Opera House last Wednesday night was a good show, well staged and the parts well acted. The play was full of fun from start to finish and was highly enjoyed by the fair sized crowd that attended.

HIGH SCHOOL NOTES

Literary Society.
(Howard VanAntwerp)

On Friday afternoon, the "Purple and Old Gold Literary Society" held a meeting of universal interest, to which the whole school was invited. The following program was an excellent one and contained several amusing numbers.

Essay—Edith Reis.

Reading—Frances Kennedy.

Debate—Affirmative, Henrietta Coleman, Roger Dale. Negative—Harry Reis, Mary Land Brunner.

Class Paper—Dorothy Tyler, Anna B. Pinney.

Current Events—Mabel Horton.

Recitation—Elizabeth Highland.

Original Story—Eleanor Guilfoile.

Extemporaneous Speech—Malcolm Thompson.

Critic—Kavanaugh Mannix.

The question for debate was: "Resolved that Final Examinations in the High School Should be Abolished. The judges decided in favor of the affirmative.

In addition to the above, Mrs. C. A. ("Mother") Lehman spoke to the student body. Her address was one of the best ever heard from the chimpel platform and was full of well chosen illustrations, which helped to make her points very clear. Mrs. Lehman is connected with the State Prison Reform Work and is endeavoring to raise funds to carry on her benevolent work.

Miscellaneous.
(Julia Rodman)

The children of Room I had a very enjoyable Hallowe'en. Their room was decorated with Jack o'Lanterns of all sizes and kinds. When the room was darkened it was a mass of "grinning faces." After looking at these until the candles burned low—they had some games, then a treat of egg kisses. One boy in telling of it at home said, "we had enough to pass around twice, Grandma." For the treat both teacher and children wish to thank Mr. Wilson, of the Sanitary Meat Market. The simplicity of the celebration was striking but the children were thoroughly happy and as contented as if they had been to a pound party.

Last Monday the girls of the Senior class organized a walking club. The "hikes" are to be taken twice a week, Mondays and Thursdays. My suspicion is they are getting in practice for the future "suffrage parades and jaunts to Washington. The first meeting was held Monday and they walked two miles on the model road. The second meeting was held Thursday with the idea of walking to the home of Miss Alexine Bigstaff, one of the members, but five enterprising Seniors seemed not to be so ardent, and caught rides half-way. They then were met by a hay wagon and rode in triumph the remaining three miles. Miss Bigstaff entertained in her usual brilliant manner and every one voted her the honor member of the M. H. W. C.

GRAMMAR SCHOOL NOTES.

Friday contained many interesting diversions for the pupils of the Grammar School and gave occasion for them to rest their "tired minds." In the morning an interesting lecture was given by a Government expert in chapel on agricultural work which was greatly enjoyed. In the afternoon we were guests of the "Purple and Old Gold Literary Society," and enjoyed their program immensely, especially some parts, which showed a great deal of wisdom in Professor Hopper's exhortation, "Watch the Seniors."

NEW TRIAL GRANTED

Judge C. D. Newell, Special Judge of the Rowan Circuit Court, granted a new trial last Saturday, to Marion Myers, recently convicted for manslaughter, growing out of the killing of Joe Henry Sarrell, at Farmers in December, 1912. Judge Newell thought the evidence was not sufficient to justify a conviction. The Commonwealth claims to have discovered new evidence since the trial and the case will again be tried at the June term of the Rowan Circuit Court.

A Life-Sapping Monster 90 Feet Long Cause of Prominent Woman Suffering For Years
Hundreds who called at the Andes' salesrooms yesterday saw a large glass jar filled to the brim with another one of those life-sapping monster tapeworms that was removed from one of the most prominent women of this city. The expression oftentimes heard, that a man or woman must have a tapeworm, they can eat more than any person I ever saw, does not really apply to one of these parasites. This is proven by the worm that is now on display in Andes' salesroom and was removed from Mrs. E. H. Ransdall, living at the corner of Third and West, near Oak Park. She purchased one bottle of Andes' Great Prescription ten days ago and after suffering for ten years, finds that this 90-foot tapeworm was the cause of all her trouble. She states that they came from Louisville, Ky., a few years ago, owing to her bad health, and had used many medicines in that time. Her appetite was poor; had lost flesh and was gradually getting weaker every day, tongue coated, did not sleep well and as tired when morning came as when she retired; was nervous and suffered a great deal with her stomach and liver. Andes' Great Prescription cured this woman, who had spent many dollars before, and it will do the same for any one who has suffered as she has. Try it today for catarrh of any form, stomach trouble, indigestion, kidney, liver or bladder diseases. Purifies and cleanses the blood, builds up the entire system and will remove worms for children or adults. Price \$1 per bottle; 3 for \$2.50; 6 for \$5. The sale of these medicines is the largest of any ever sold in Mt. Sterling and Montgomery county. They can be found at the Mt. Sterling Drug Co.
